Carver-Price School News

Hello Readers!

On Tuesday, May 1, Student Day was held from 8:45 A. M. to 3:20 P. M. with all members of the Senior Class teaching in a staff teacher's position and under the instructor's guidance. Seniors also served in the positions of Supervisor and Principal. The following students served in these positions:

Principal, Henrietta Ferguson.
Supervisor, Kathleen Walker.
Math and Science, Gloria Jenkins.
French and English, Viola Johnson.
English and Physical Educ., Effie McCoy.
History, Social Studies and Negro History, James Ferguson.
Business, Typing and Shorthand, Shirley Johnson.
Home Economics, Laura Hubbard.
Science and Physical Education, James Williams.
Music, Beatrice Morgan.
Agriculture, Barbara Johnson.
Secretary, Roberta Lewis.
Librarian, Helen McCoy.

The Seniors stated they profited by the experience. Those interested in becoming teachers will find such a day of great value. From the interest taken in the program, much was to be gained. This was an activity sponsored by the Student Council.

The game on Tuesday afternoon again; Carter G. Woodson High of Buckingham resulted in a defeat for us. The score was 8-7. George Jennings pitched all but one inning, when he was relieved by John Minnifield. Joe Robinson hit a triple. The game was thrilling and enjoyed by all. May 11 we play Campbell County High here.

Friday, May 4, May Day will be observed on our campus. The Queen of the May is Helen McCoy, Senior, who was elected at Assembly last Wednesday by popular vote. Attendants are: Laura Hubbard, Shirley Johnson, seniors; Clara Ferguson, Mary Goode, Juniors; Cecilia Harvey Emmagean Patterson, Sophomores; Shirley Mcginnson, Eloise Ferguson, Freshman; and Valetta McCoy, Alice Austin, 8th Graders. Exercises will begin at 9:30 A. M. in the Auditorium. Here, devotionals, a health play, circus, stunts and pyramids will be presented. Then, the Queen and her court will form on the outdoor campus for the crowning ceremonies by the Principal, Mr. R. E. Patrick. May pole dances, folk dances, and square dances will be performtd before the Queen. We extend an invitation to all patrons and friends to attend and enjoy the day.

Student Council representatives, Effie McCoy, Celestine Chambers, James Graham and Raymond Turner will attend the State Student Council Meeting to be held at Hampton Institute, on May 4 and 5. Mr. James H. Clay, sponsor, and Mrs. Ora W. Smith will accompany the group.

Until next week, our thought:

"The highest character, in my estimation, is his, who is as ready to pardon the moral errors of mankind, as if he were every day guilty of some himself; and at the same time as cautious of committing a fault as if he never forgave one."

ABBITT SAYS PROBE OF SYNTHETIC LEAF IS BEING HELD

(Continued from Page One)

most expensive phases of cigarette production is the removal of the heavy, coarse stems and since these new substitute processes would permit the use of the entire tobacco leaf this costly operation would be removed."

"The substitute processes also would appear to permit an absolute manufacturing control of the previously mentioned desirable characteristics found in natural leaf tobacco such as color, burning qualities, flavor and aroma. It further appears that those desirable factors, found previously only in natural leaf, may now be obtained through these substitute manufacturing processes through the use of a much lower quality of natural leaf than some manufacturers have previously purchased for cigarette purposes."

Abbitt further declared that rumors are quite wide-spread in the cigarette industry and among growers that these substitute processes are now in use by some of the larger cigarette companies. Recent tobacco reports, he said, seem to substantiate that a shift has taken place in the buying habits of the large manufacturers with particular interest and emphasis on the desire for lower quality, less costlier leaf tobacco.

Congressman Abbitt said that he felt that hearings are of "utmost importance" to the approximately 800,000 farm families who make their living through the production of cigarette tobacco and expressed the hope that the hearings would evolve data which would be helpful in determining the future course of the tobacco program.

THE MAN OF GALILEE

Where is the man who tread the shore,
Of the restless turbid sea
Who spoke to the fishermen as he passed,
And said "come follow me."

The man who taught the multitudes
From morn till close of day;
Who gave his friends the model prayer,
And taught them how to pray.

Where is he who healed the sick,
And cured the lame and blind;
Whose arms embraced the little ones,
And spoke to them so kind.

Where is the man who blazed the trail,
And suffered in our place;
Who sought forgiveness for mankind,
With his all attoning grace.

Where is that man? You ask my friend.
Why, he is with us still;
He is daily walking by our side,
His promise to fulfill.

He feeds us with a bountiful hand,
We feel but cannot see;
And he'll be with us to the end,
That man of Galilee.

IN MEMORIAM

In Loving memory of our husband and father, Eugene Pankey, who passed away May 4, 1955.

One year has passed away,
Since God has called you home,
To be with Him in heaven,
Around the sonw-white throne.

We often sit and think of you,
When we are all alone,
For memory is the only thing
That grief can call its own.

'Tis sad to part with friends we love,
While here on earth we stay,
But then a brighter thought comes.
We'll meet again some day.

Some say time heals all sorrow,
And helps you to forget.
But time has only proven,
How much we miss you yet.

The Original Sweeney Banjo

Pictured above is the original Sweeney Banjo" — the musical instrument invented about 126 years ago by Joel Walker Sweeney, of Appomattox. The famous original banjo in the Los Angeles County Museum at Exposition Park, Los Angeles. Picture of the banjo was sent to The Times-Virginian by Herman Schweizer, of Appomattox who has just returned to his home with her son-in-law and Mr. and Mrs. Jack W. Sweeney, of North Hollywood. Mr. Sweeney recently won three awards for his work in the motion picture field is now directing a picture in Europe. Mrs. Corrick is the niece of Mrs. Clyde G. O'Brien, of Appomattox.

The Times-Virginian suggested to Mr. Schweizer that she look up the old banjo while on her trip to California. She visited the home and was warmly welcomed by Mrs. Ida Milstead, Curator of the Museum, and Mrs. Schweizer met the son-in-law of Joe Sweeney banjo, but failed to hold it and have it photographed. And in addition, she saw the entire Museum file on Sweeney banjo, including treasure chest detailing its history and display by the Museum.

It was at that time the banjo was originally musical instrument developed in the New World, and the invention is credited to Joel Walker Sweeney, of Appomattox County, Virginia. It adds that he became the first black-face minstrel and that he invented the banjo in about the year 1832, added control and a fifth string to a four-string gourd instrument which had been used by the Negroes. The file tells of the Sweeney and his brother, Sam, was the first player of the famous Sweeney banjo." — Courtesy General J. E. B. Stuart Museum, Richmond, Va.

Mrs. Schweizer was lavish in her appreciation for the kindness of Miss MaHood, and adds that she has invited Miss MaHood to visit her in Virginia, and that she would certainly like to see the original banjo returned to its home town of Appomattox, at least for exhibition purposes.

LEGION AUXILIARY PLANS POPPY SALE

The American Legion Auxiliary, Unit 104, is making plans for the sale of the Little Red Poppy which the Americans all over the nation wear to honor war dead, on May 26. Last year the people of Appomattox supported this effort generously and the unit hopes for the same support this year. Funds collected from the sale go to rehabilitation of veterans and dependents.

On Wednesday evening, May 16, business people in Appomattox will have an opportunity to attend a special one-meeting Tourist Trade Clinic at 7:15 P. M. at the Appomattox High School Cafeteria.

An open invitation is extended to all managers, and sales people in all the business places of the county to attend this clinic, which is sponsored by the Distributive Education Service, headed here by Mr. Jerry Miller; the State Dept. of Education, Appomattox School Board, The Times-Virginian, and the Appomattox Co. Junior Chamber of Commerce.

There is no fee for this clinic, and it is hoped that local people will attend and learn how to "cash in" on the tourist trade. Mr. Miller has announced that the Virginia Travel Council will have one of its experts at the clinic, that a film on Courtesy to Tourists will be shown, and that H. A. Gurney, Park Superintendent, and Calvin Robinson, local editor, will brief the group on what tourists want to see and should see at Appomattox.

It is estimated that each extra day a tourist spends in a community, he spends $12.00. Thus it can be seen that with about 75,000 visitors per year at the Old Appomattox Court House Historical Park, there is a fabulous opportunity here for making tourist business one of the top businesses in the county.

This is the first time such a clinic has been offered and if it is a success, plans will be made to make it an annual event.
